# YOUR OWN PAGE TO EDIT

## THE EDITOR'S WORD IN EDGEWISE

✚ It is probable that Alpha Chi Rho-at-large will be as glad to see this directory as the directory committee is happy to have its work finished! Our readers will be spared the necessity of reading further announcements heralding the volume—and the directory committee need not invoke further divine guidance in locating elusive Brother Blank!

This issue is the result of years of planning. Despite the fact that its actual production has taken only seven months, it has been the subject of countless Council discussions and editorial pow-wows for at least eight years. No one connected with the national organization in recent years has failed to realize the need for some convenient reference to the Fraternity's entire membership, but it remained for better conditions and an improved GARNET AND WHITE balance sheet to make its publication financially possible.

The Fraternity, however, owes its greatest debt to Fred M. Reast, chairman of the directory committee, who has sacrificed more personal time in the book's production than would (we are certain) any other Alpha Chi under similar conditions. Few days have passed since last October when Brother Reast and his committee members have not been in evidence at the national office. Any reader with file experience can picture the amount of work involved in coaxing replies from nearly every Brother in the four corners of the globe, in setting up this information alphabetically, in checking it against chapter membership rosters, in refiling it geographically—and in reading miles of galley proof.

All this Brother Reast has done—efficiently, swiftly, and with a maximum of charity for the frailties of man!

We mention the last because, as one who has enjoyed the dubious honor of preparing a dozen or more similar catalogues, we are certain no other occupation can induce a

state of chronic misanthropy in shorter time. Brother Reast has escaped this fate, somehow, and perhaps that explains our belief that this is one of the best directories of its kind published in several years.

Despite the pains taken by the committee to avoid them, it is probable some errors and omissions will be discovered. That is why we publish "Your Own Page to Edit" as usual.

We hope that all who can supply additional information about themselves, or about men who are listed "address unknown," will use this page to send corrections to the central office. Most of the Brothers for whom no addresses are listed have been unlocated for years. Help in getting them back on the active mailing list will be especially appreciated. We also hope the page will prompt others to send in alumni news briefs for use in the summer issue of THE GARNET AND WHITE.

The final proof of a directory's merit lies in its usefulness. We would like to suggest two things which will increase the book's utility and help justify the time and money that has been spent on it.

First, that Brothers who travel make a practice of carrying the directory with them for ready reference, to help locate alumni who may live in the cities they visit, and to help make new Alpha Chi friends. And,

Secondly, to suggest and make easier the formation or reorganization of local alumni clubs. The geographical membership analysis, which immediately follows the geographical listing, designates all cities in which twenty or more Brothers live.

As we said before, comments and corrections in this directory number will be appreciated—and if you're going to write, please do it now before you forget.

So, with a final bow to Brother Reast and his hard-working committee, THE GARNET AND WHITE gives you the new 1937 Directory!

THE EDITOR.

## FOREWORD

✠ This is the eighth membership directory published by Alpha Chi Rho. Previous volumes appeared in 1902, 1909, 1911, 1913, 1915, 1920 and in 1924. The last was edited by Robert T. Griebing, at that time National Secretary, using material which had been compiled earlier by his predecessor, Carl T. Sigman. It is hoped, therefore, that the usefulness of the present book will be in proportion to the time which has elapsed since the appearance of the last volume!

The present directory owes its existence to the whole-hearted cooperation of THE GARNET AND WHITE, which placed not only its facilities but also its budget at the disposal of the National Council.

To produce a directory of 5,503 members in seven months of "overtime" is no light task, even with the efficient help of Miss Josephine Orrico and the Central Office. A good share of the Committee's long hours have been spent in exhausting all possibilities for correct information, and in mailing repeated requests for biographical data. As a result of this effort, however, the book now appears with nearly eighty percent of its information taken directly from cards mailed in by the Brothers themselves. The Central Office files, Resident Chapter lists and alumni club records provided information on most of the remaining Brothers.

Aside from its format and size (it contains more than double the number of names in the 1924 Address Book) the directory does not differ materially from its predecessors. By unanimous decision the names of deceased Brothers (indicated by an asterisk \*) are included in the Chapter lists. In the belief that Benefactors have made a distinguished contribution to the Fraternity's well-being, we have identified them by printing their surnames in capital letters. Since the work was started, three new Chapters have been added to the Fraternity: we are particularly pleased to include their membership in this volume.

We realize that this directory is far from perfect, for the time and money available are bound to affect the degree of accuracy and completeness achieved.

To the Brothers who cooperated by promptly returning their data cards, and to the many others who helped us locate lost members, we extend our sincere thanks. To them we dedicate this book. To any whose names may inadvertently have been omitted, or in whose listing we may have erred, we offer our apologies. To all, we say only that we have done our best.

We hope that THE GARNET AND WHITE's 1937 Directory will prove of value and interest to the Fraternity.
